## About Me

Full Stack Web Developer with a solid background in JavaScript, React, Node.js, and MongoDB. Following a successful career transition, I have delivered comprehensive projects that highlight my technical proficiency, creativity, and strong problem-solving abilities. Skilled in agile teamwork, API integration, and building scalable web applications.

## Education

**Full Stack Web Development**  
Ironhack  
08/2024 – 02/2025

**Full Stack Engineer**  
CodeCademy  
01/2023

## Soft Skills

- Communication |
- Time Management |
- Problem Solving | Adaptability |
- Attention to Detail | Collaboration

## Hard Skills

- HTML5 | CSS3 | JavaScript |
- ReactJs | ExpressJs | MongoDB |
- NodeJs | Git | Axios | REST APIs

## Projects

- Pawkeeper**   
01/2025 – 02/2025  
**PawKeeper** is a Full Stack app that connects pet owners with petsitters, offering a seamless, feature-rich platform that makes managing pet care effortless and trustworthy. Created using ReactJs, MongoDB, ExpressJs, NodeJS, Axios and Mongoose.
- Exhibitly**   
12/2024 – 12/2024  
Web application designed to store a collection of personal preferences such as movies, music, books, and events. Built using React.js, JSON Server to simulate BackEnd, SASS, Axios and API integration.
- Primal**   
10/2024 – 10/2024  
A small web browser game created with HTML, CSS, and JavaScript in which the player can relive some nostalgia from retro games.

## Professional Experience

- Kontext 21**  
Collaboration with Kontext 21 (Ironhack Talent Acceleration Program)  
03/2025 – Present | Berlin, Germany
- Collaborating with Kontext 21 as part of the Ironhack Talent Acceleration Program, contributing to innovative developer-focused projects in a dynamic startup environment.
  - Leveraging and expanding technical skills with:
  - Applying agile development practices and working closely with founders and core team members.
  - Gaining hands-on experience with modern development workflows, enhancing both technical and collaborative skills.
- Friopesca Refrigeração de Aveiro**  
Cold Storage Operator  
04/2018 – present | AVEIRO, Portugal
- Maintained precise inventory management, temperature controls, and security standards to ensure optimal operations.
  - Resolved logistical challenges and addressed equipment malfunctions promptly to minimize disruptions.
  - Adapted quickly to changes in temperature, safety standards, and new technologies, ensuring smooth operations.
